With the Patentee, we are now prepared to furnish to order the above Mills, of any size, burrs and holts. The Mill is simple in its construction, having very little machinery occapying but little space, and warranged to do more work with the same amout of power, and make as good a quality of four, as any Mill now manufactured. Properted ros of Saw Mills, especially those that use steam, would find it to their advantage to purchase one of these Mills, for the purpose of doing custom grinding—either wheat, come of other grain. The Mill will be sold with or without the bolt. The principle of the Mill is equally applicable to the construction of large Merchani Mills, and persons about to build, would do well to cail and examine.

We will also furnish with the Mills, Boiting Recis of any size and length, Smat Machines, Wheat Cleaners, Flour Packers, etc.

Orders rospectfully solicited.
